## **WOOFERS'** **TRAINING CLASSES**

### **PUPPY 101!**

Getting a new puppy and it's the first time? 😊 You're excited!

Getting a puppy, but the last puppy you had was some years ago now? ☹️ You're worrying!

Be excited and don't worry!

I'm offering you a one off session with me via video which will cover all those things you are going to need to think about before you get puppy home, and what you are going to have to deal with as soon as puppy arrives. The best way to transport puppy home, how to start housetraining, how to manage children and the puppy, what to do and what not to do, info about xpens, crates, feeding, equipment you'll need, and so on. You'll be able to ask me questions that come up while we are talking.

The session will last for around an hour to an hour and fifteen minutes and will be via Zoom. All you need is a phone or laptop and to have Zoom downloaded to it. It is free for you.

The subjects covered in this talk will include:

- Equipment
- Getting puppy home
- Once Home
- First Night
- Housetraining
- Basic early training
- Socialisation
- Puppies and Kids

**Cost: \$100 payable in advance via cheque or e-transfer**

**Here's the great thing:** Included in the cost is access to me via phone or email after our talk for the following 4 weeks, in case you forgot something you needed to ask for example, or something comes up when puppy comes home that you didn't think of. There's a lot to remember!
